○ **Comments and extended discussion**

We have the parts that we need and were able to incorporate the transmitter side of our project.

○ **Plan for coming week (please describe as what, who, when)**

- Quinn: research code for receiver
- Nick: research code for receiver
- Arifi: decide on antenna type
- Andrew: research code and work on wiring system

○ **Summary of weekly advisor meeting (if applicable/optional)**

Met with professor Tuttle to discuss what we have working, and also discussed what else we should be looking to add to our project. Trying to decide if we should build a speaker or go with something already built.
